

MobileAgSolutions.com

HYPER-LOCAL WEATHER & AG SOLUTIONS ON YOUR PHONE!

GET COMPLETE CONTROL OF YOUR FARM

Minimize the Threat of Weather to your Agribusiness

The innovative **MobileAgSolutions.com** platform delivers accurate, hyper-local alerts of on-site weather conditions around your farm, 1-click access to 24/7 meteorologist, plus additional ag solutions, keeping you informed so you can operate safely, efficiently, and profitably.

THREE KEYS FOR GUARANTEED ACCURATE MOBILEWEATHER

1. WIRELESS WEATHER STATION

The solar-powered wireless weather station features built-in sensors that monitor the most pertinent weather parameters. Empowering you to make informed decisions to increase production, control costs, and protect your bottom line. Data streams instantly through **MobileAgSolutions.com** and directly to your computer or Internet connected smart device as a real-time, accurate forecast for your exact location

- Installs in minutes.
- No moving parts.
- Virtually zero maintenance.
- Instant online weather and forecasting data.

2. AI-POWERED APP

The **MobileAgSolutions.com** artificial intelligence-powered app leverages real-time data and advanced forecast modeling.

- Check your current local weather conditions and receive customized alerts for your farm.
- Receive push notifications and alerts directly on your smart device and computer.
- Custom mobile-friendly digital dashboard with: short and long range forecasts, radar, ET Rates, GDU's, hail reports, agriculture emaps, and more.

3. QUICK CONNECT TO IMPORTANT RESOURCES

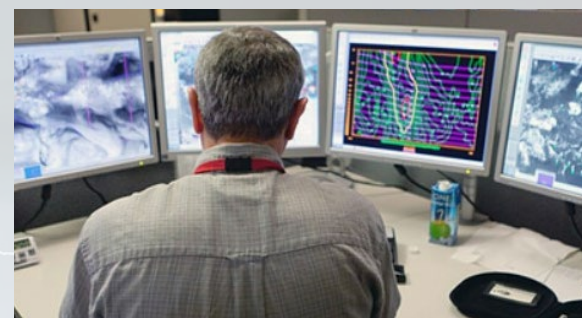

- On-Call Meteorologist – For added support, our team of professional meteorologists is on-call 24/7 to provide prompt, expert information to help you make timely, critical decisions for your agribusiness.
- Dealer Support – Use the dealer portal to call or email your local dealer's parts, service, or sales department!
- Ag News & Feeds – Use the integrated feeds to view the latest agriculture news, cash bids, futures and other vital information.
